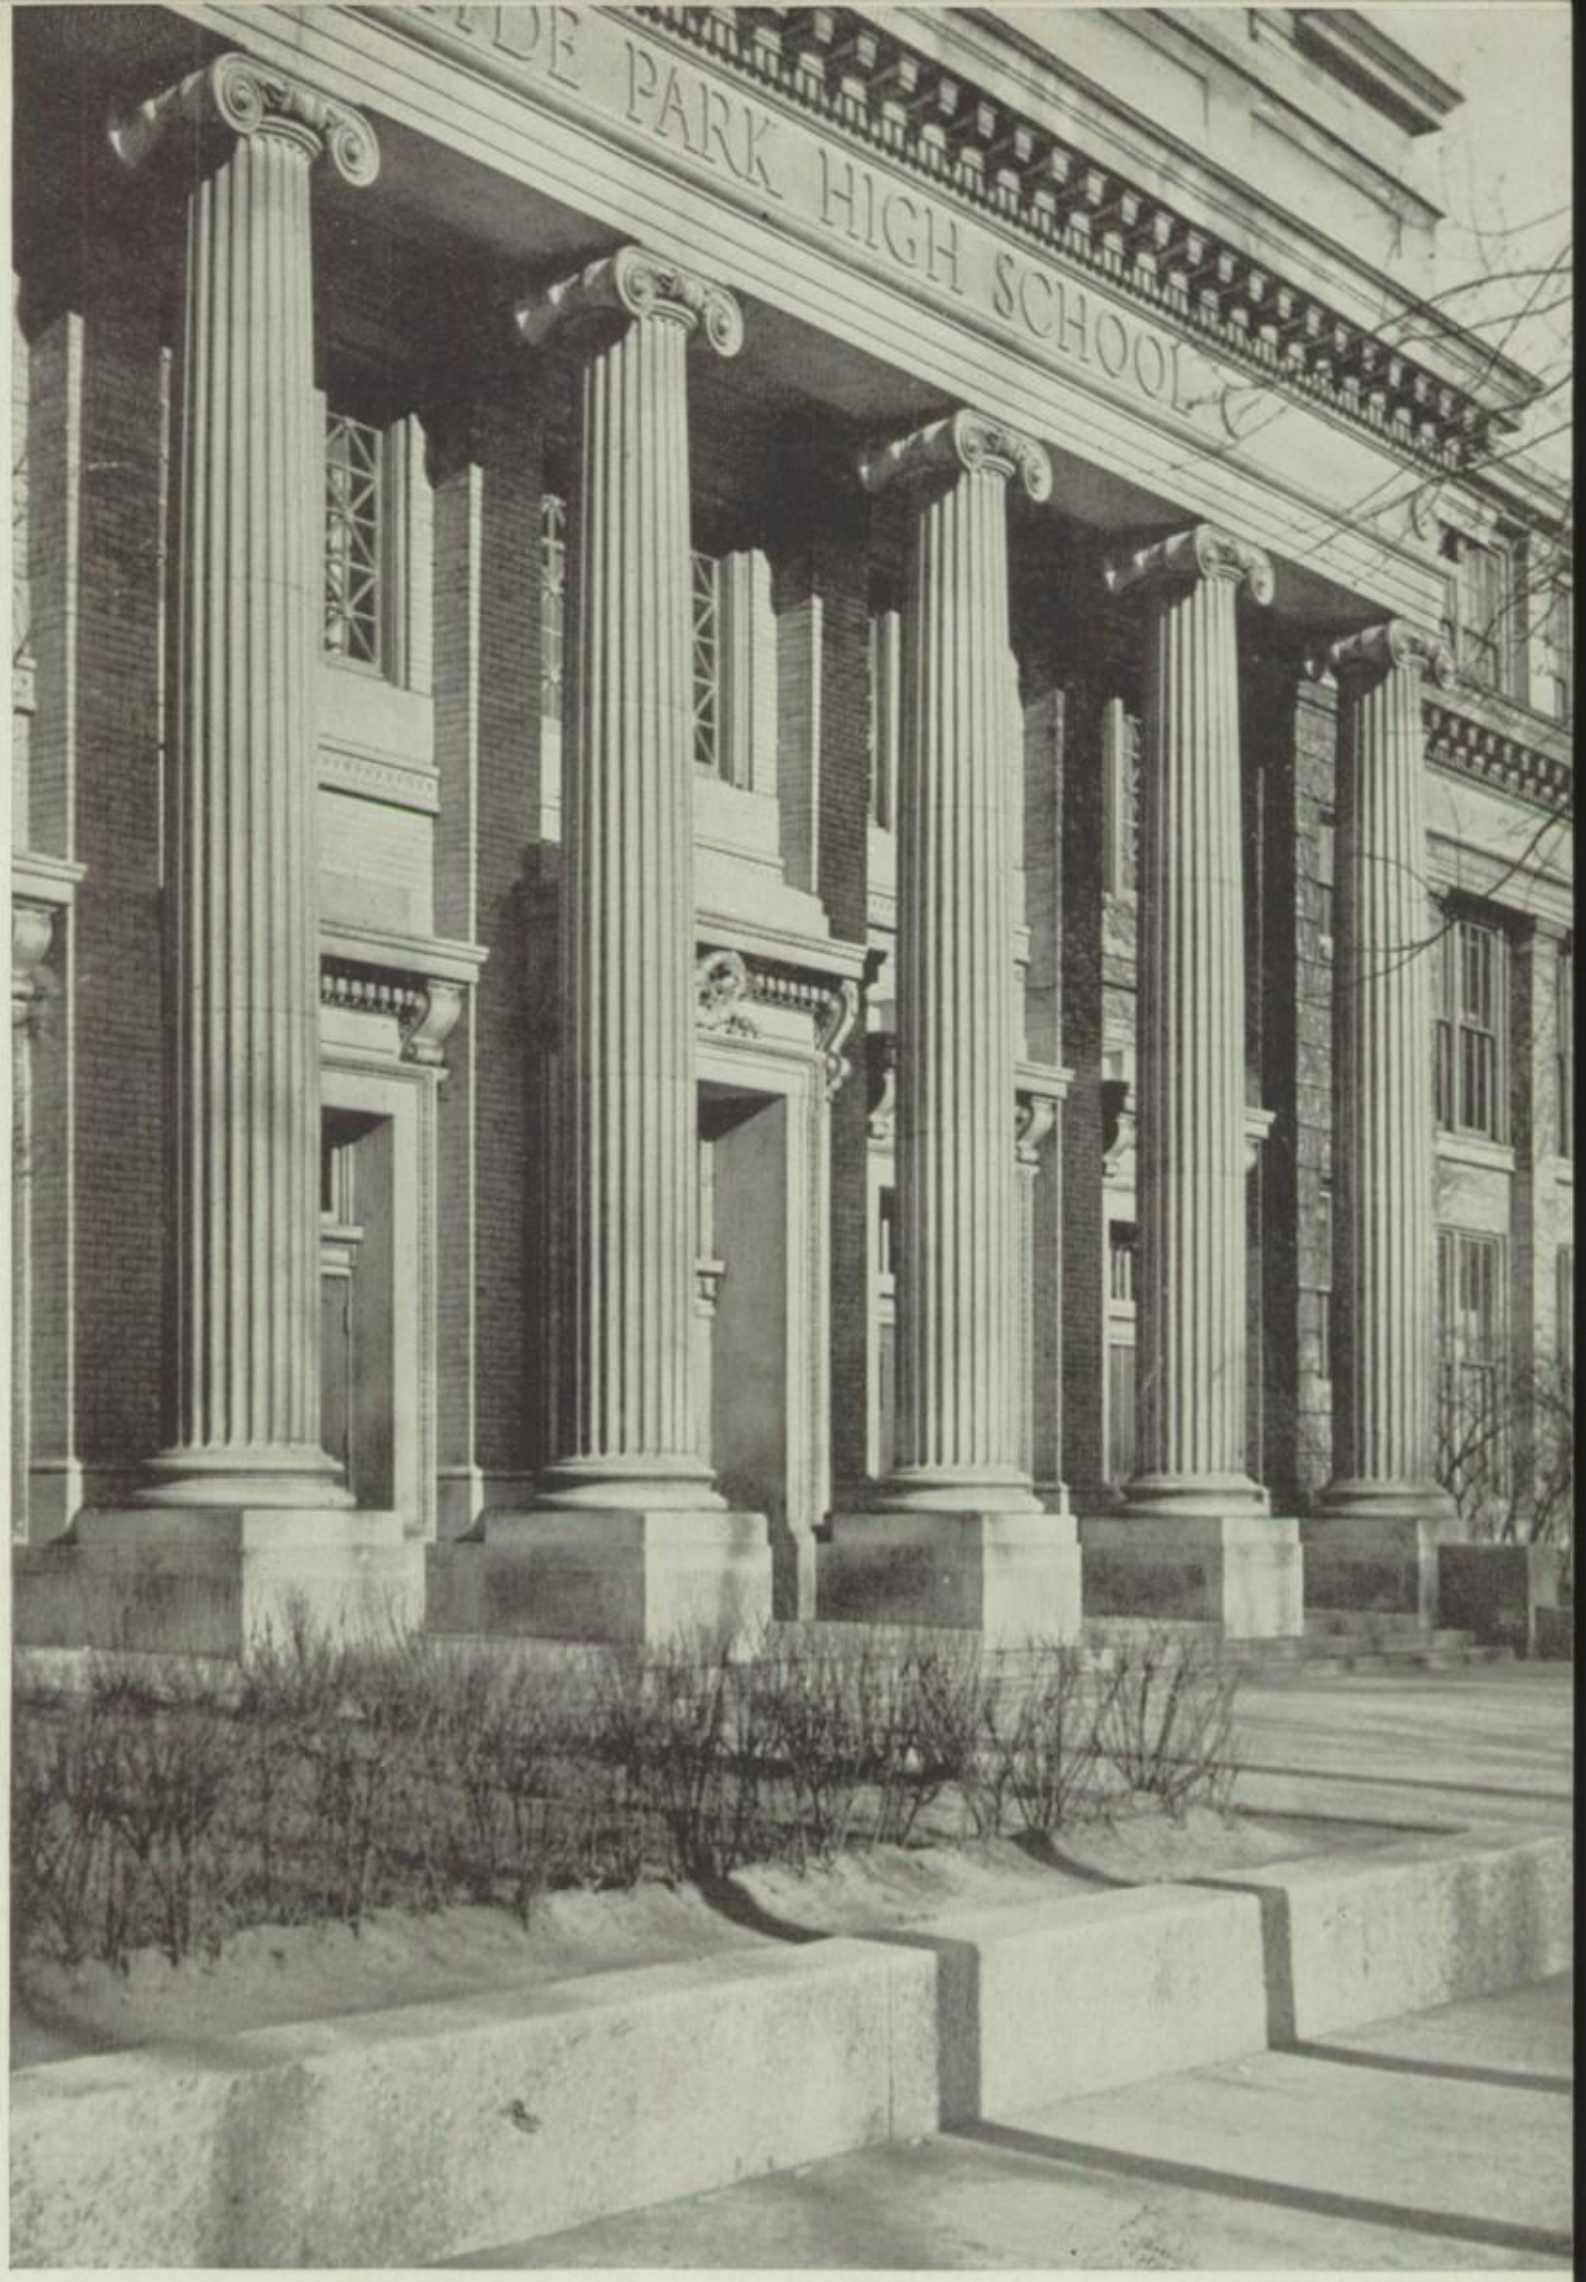
The Year Book of

Hyde Park High School

Chicago, Ill.



To the freshman . . . high hopes

To the sophomore . . . bitter realization

To the junior . . . apathy

To the senior . . . nostalgia

Introduction

We like to look backward. A year looks better, somehow, in restrospect.

The Woodstock typewriter that never worked, the sad farewell to your last pair of saddle shoes . . . a school year. And advanced algebra, modern history, and the notebooks with strings in place of metal rings . . . education. Homework and lunches and heartbreak shared, cokes together at the corner drug store, where your joint initials are carved . . . friendship.

The setting — Hyde Park. The locker-lined halls, the odoriferous chemistry labs, Smith hall and blackboards decorated with month-old Sigma announcements, the Green Room (home of the R.O.T.C.), the North and South offices where so many dramas are enacted.

The AITCHPE 1944 is your Memory Book. Accordingly each picture, each piece of copy has a significance all its own. The total is the sum of one year of living.

King Aitchpe

MARVIN ELLIS

"Ellis, Ellis, he's our man—if he can't do it, no one can!" And they're so right! Being captain of the senior basketball team makes King Marv Ellis something of a wonder boy, but don't go away yet, there's more! All this muscle, that Barrymore profile, and . . . yes . . . no , , , you'd *never* guess. He's a Sigma, too! Anything else on your mind? Oh, yes, we can now confirm those rumors to the effect that he likes Beans, Billiards, and Baseball! And we? *We* like Marv! In fact, we'll overlook our socialistic tendencies long enough to hail him King Aitchpe!

Queen Aitchpe

RUTH NELSON

Curly brown hair . . . shorter since we last saw her; friendly grey-green eyes, and a smile that makes this world a lovelier place . . . that's our queen—Ruth Nelson.

Queen Ruth has a Future—just look at her Past! She's been reporter and Public Relations Editor of the Weekly—also, an annual agent, which is *our* claim to fame! And then there's the matter of a Mind . . . if being a Sigma is ample testimony, Our Girl has it!

Finding her our all-Hyde Park girl and a "My Ideal" Queen Aitchpe, we look back just once, and regretfully leave Ruth Nelson.

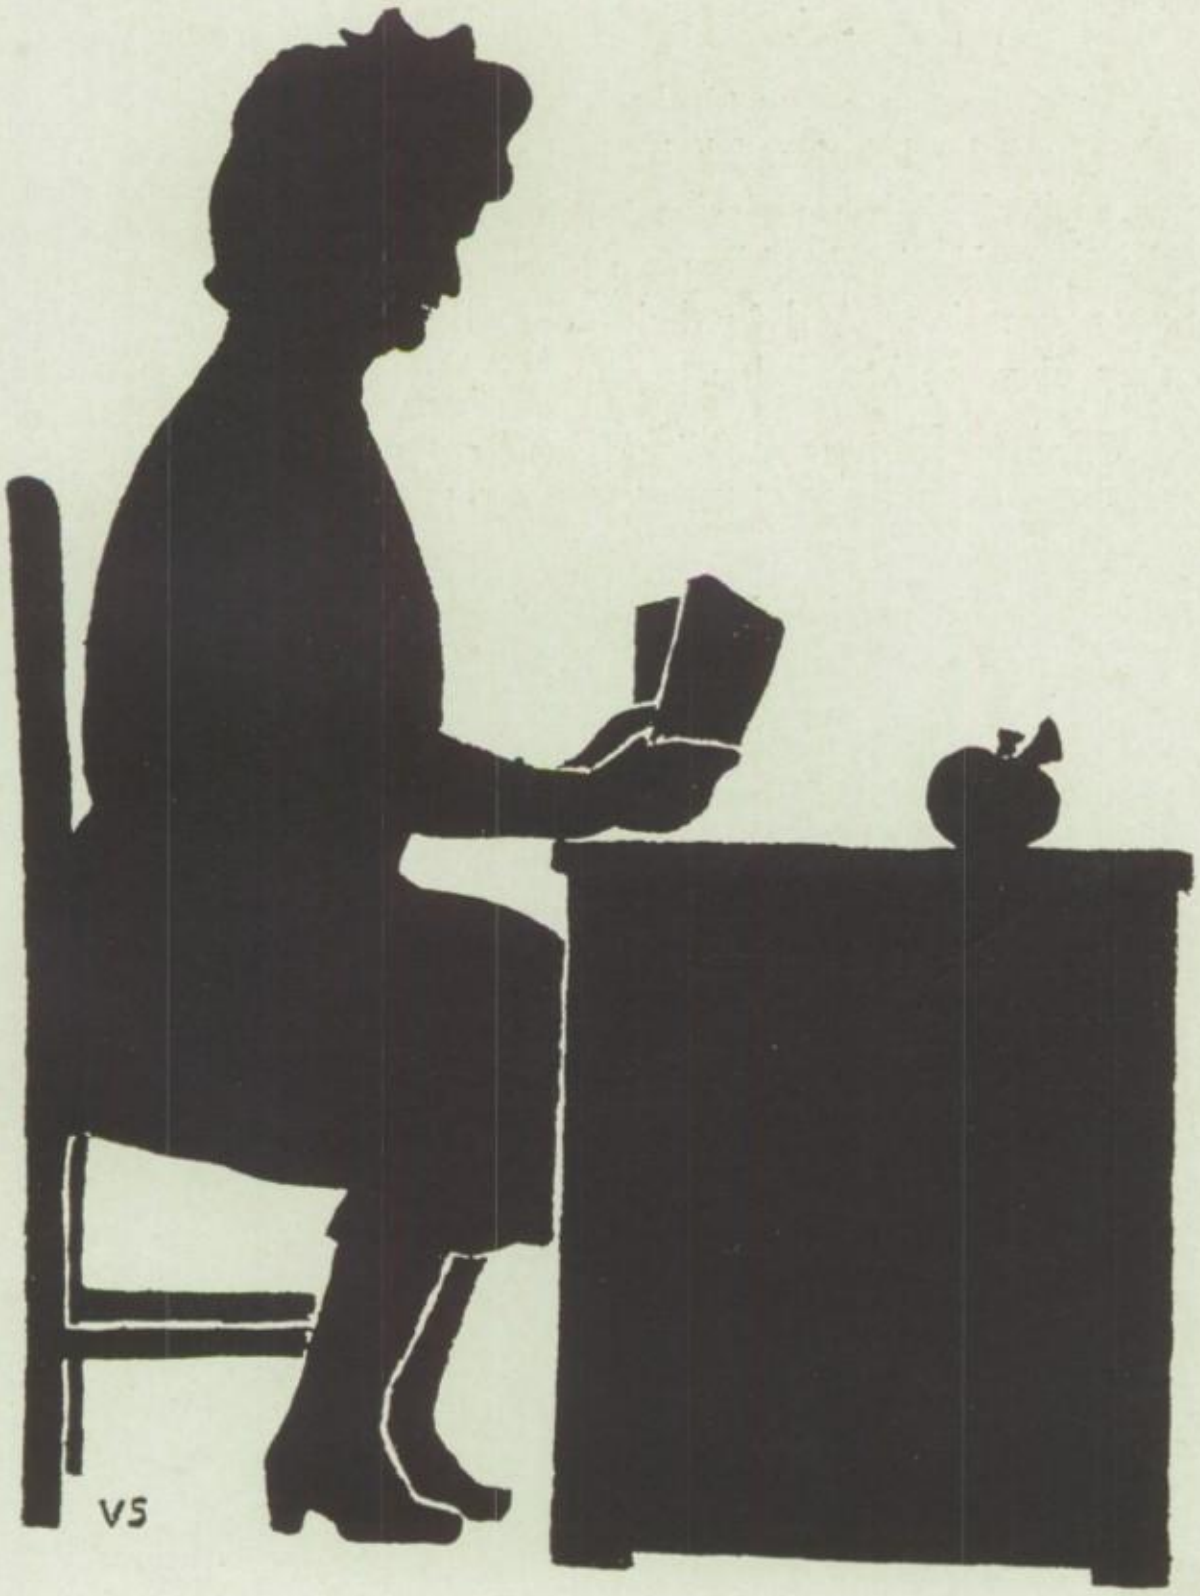
Administration



Administration

Here we give you those who lead us through Hyde Park's paths of righteousness—our faculty.

First come the administrative officers, Mr. Joseph F. Gonnelly, principal, and our assistant principals, Mr. John R. Specht and Mr. Ira Van Hise, Branch. They form the last court of appeal.

Then there are our teachers, who have clearly defined duties. Theirs is the advice we seek, the help we receive and theirs are the sympathetic shoulders we weep over, upon occasion. And in their spare time, they dispense knowledge.

Our office workers . . . Miss Helen Cranby and Co., are the gifted armchair tacticians who grease and oil and trouble shoot the assembly line which is Hyde Park High School.

Our talented maintenance staff fills the position of official pickers-up after the Hyde Parkers who have Civics and Public Speaking on their minds and can't quite make that waste basket at the corner.

Hyde Parkers, these people are here to do you good! Be kind to them—they're your *friends!*

Victory in the classroom.

MR. JOHN R. SPECHT

Mr. Specht

"From errors of others a wise man corrects his own," is a very wise saying, but there are always a few who think that experience is the only way—in all situations. Because this characteristic is present in so many people today, it is most necessary that it be guided. Here at Hyde Park, it is the job of our assistant principal Mr. John R. Specht to see to it that students do not get "off the trolley." Correcting the mistakes of youth is not an easy job and, in addition to this, Mr. Specht supervises the programming of pupils and is the final authority on all the detailed work of Aitchpe.

Grade Advisers

The saying goes, "Probabilities direct the conduct of a wise man," but that obviously is not the watchword of the Grade Advisers. There are advisers for each grade level and as soon as there is evidence of a pupil's "probable failure" either in conduct or in class studies, an investigation is made to determine the cause. However, grade advisers were not "invented" for the sole purpose of preventing failures. These teachers, in addition to their regular classes act as regulating factors in adjusting the freshies to their new mode of life. Recently, another job has been added to the already numerous tasks of the grade advisers—that of the Attendance Office. The first and third year students, in order to be reinstated, go to their grade advisers, who are located in 150. Sophomores are required to see their grade advisers in 216 and seniors are referred to theirs in 227½.

GRADE ADVISERS: Standing—Miss Whelan, Sophomore Adviser; Mrs. Edgar, Senior Adviser; Miss Walker, Junior Adviser; Miss Robb, Freshman Adviser; Mrs. Priddy, Sophomore Adviser. Seated—Mrs. Maloy, Freshman Adviser; Miss Messelheiser, Senior Adviser; Mrs. Jensen, Senior Adviser; Miss Kuehn, Senior Adviser; Mr. Williamson, Junior Adviser.

straggle to the main building and ask to be made sophomores. Where did they come from? Who sent them? That's a matter of history! From the quiet, pastoral surroundings at 57th and Kenwood emanate the rays of serene happiness that can anly exist in a community consisting of freshmen, plus the usual complement of pedagogues. These teachers, unmenaced by thousands of hurtling bodies, lead their lives in comparative safety. The students themselves find that the world they set out to conquer isn't so immense after all, and they have a confidence in their ability to make a + b = c that bodes well for their future. We leave Mr. Ira Van Hise with his docile subjects . . .

Maintenance

The beat-beat-beat of the engines, the tap-tap-tap of the pipes—what does it all mean? It means that the maintenance staff is on the job, naturally! Doing their respective assignments unhampered by the onomatopoetic tendencies of their inanimate charges, Mr. Charles Clarke and his all-powerful staff manage to keep Hyde Park in a very healthy condition!

We are kept warm in winter, we are given the Hyde Park equivalent of air-conditioning in summer, we are served day and night by . . . Petunia and Whirlaway, the feline members of the force, who are the cutest mousers this side of Loomis Hall!

Investigating further, we are gratified to discover that the corridors are swept every day, the yards kept well-groomed, and such details as supplies, repairs, and paper drives taken care of to the satisfaction of all concerned. For all this we are very appreciative, and offer Mr. Clarke the use of our master key any time he needs it!

Lunchroom

Why the applause? Another tray has bit the dust! Another child will hungrily roam the halls of Aitchpe with nothing in his little tummy! But then just think of the other tummies that are well filled by the tasty food that characterizes our lunchroom.

Every school day the lunchroom crew appetizingly displays all kinds of food to suit all appetites. As the lunch periods commence the hordes of Hyde Parkers sweep past the steam tables leaving them as bare as the proverbial cupboard; four times each day the women brave the throngs of half-starved students and the "more moderately" starved pedagogues.

Realizing that the acute labor shortage has left our lunchroom with just half their normal staff a special effort has been made to eliminate the "letting in of friends." Many has been the time that John Q. Freshie has missed getting his favorite salad because Jimmy Senior has let in his buddy! How about it? Have you a guilty conscience?

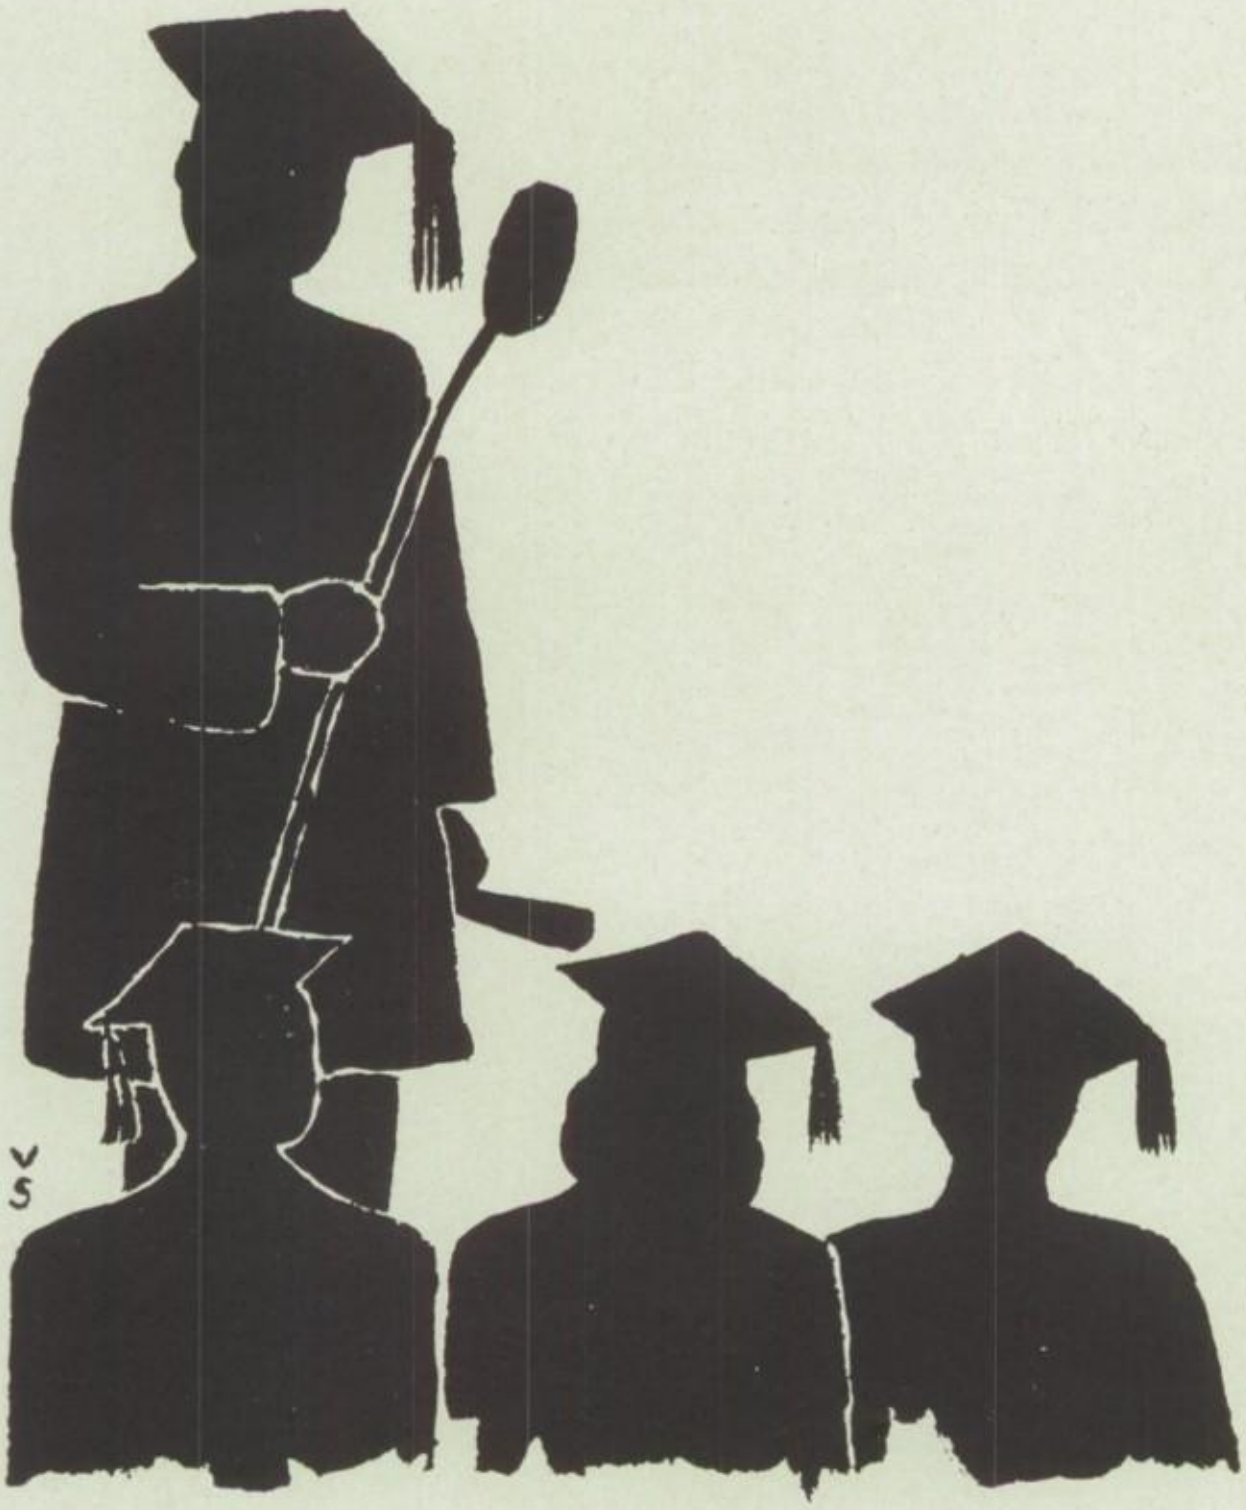
Classes



Classes

Division! And now you find out whether your cut slip has arrived from gym. Division—not lunch! 'Course what fun is it if no paper is being rustled while the bulletin is being read. The only reason no lunches are visible in the following pictures is because we're on our good behavior—we have company—the photographer!

But getting down to business—old business, new business and thoughts for the day, what perhaps is most outstanding in division is the oft-repeated reminder of the division teacher as to the importance of bringing something to do during long division. But you know, it's never failed—every time you leave your homework for long division, you find umpteen cards and forms to be filled out. Oh well! Another "D" day! But if we keep trying, maybe one of us will find a teacher who will accept that excuse!

Senior Girls in a huddle.

June Seniors

Class of June '44

Accompanied by fanfares and general festivities, the class of June '44 makes its grand exit! All of this is very appropriate, for so many members of the class will, instead of entering civil life, be temporarily diverted for military service; envisioning Joe Senior on the deck of a destroyer or piloting a P-48, or even just on sentry duty somewhere in Iowa brings home the impact of our modern metamorphosis. Going from sloppy corduroys and ski sweaters to trim khaki can make a lot of difference!

And as for the sweater and skirt set, for taking the initiative and voluntarily assuming wartime responsibilities, they have no equal! Yes, the heavenly pastel sweaters and skirts are stored away for the duration—it's starched nurses' caps and maybe even snappy overalls for them until they're old enough to enter the services.

But probing beyond the glamor that helps so much to take the edge off the grimmer aspects of this new life, we find a concrete foundation for Tomorrow's World. With this in mind, we roam through the halls of Hyde Park for the last time and . . . we're off!

FALL 4B OFFICERS: A. Kaplan, Pres., H. Segal, V. Pres., S. Silver, Sec'y.

Seniors

My-y-y! *How* you've *changed!* Four happy, light-hearted years ago you were such a sweet kid; you wore no lipstick and you ate breakfast in the morning. But look at you now! However, even seniority has its compensation. Your memory-book, for instance . . . the tardy slips, the test tubes you never returned, last year's season pass . . . ah well . . don't cry in the middle of *Alma Mater* . . . that would make two of us!

Activities

Activities

"But I've always wanted to be in the 1A Discussion Club!" wails the graduating senior. If he had only known in time about all those extra-curricular activities that Hyde Park offers!

The relief that the lower classman gets from dissecting a frog after six strenuous periods of academic work soothes his jangled nerves—gives him the strength to go to better things. As he progresses through high school, this need for extra-curricular mental gymnastics is intensified. As a junior, doing all sorts of unheard of experiments in Physics Honor, he can hardly tear himself away to serve as a Senior Sponsor. After doing all this, he barely manages to devote a period a day to Junior English Honor and monitor post, respectively.

And the bright senior, who is now a Pythagorean, insists that people who live in parallelopipeds shouldn't throw stones! All this forces us to conclude that Activities are vital links in the completion of a full, well-rounded high-school career.

Sigma

It wasn't easy! Living the life of a Sigma for four years has been quite a strain; but now that it's all over, the hordes of Hyde Parkers who eagerly search for the secret of success would like to know the whys and hows. So . . . while Sigma Sr. isn't looking let's trace his career from the beginning to the photo finish.

As we view our hero as a freshie, *he's* having fun. With a lunchroom, a library, and a gym at his disposal, he is almost disinclined to attend

classes, but to everyone's surprise, he not only attends classes, but he actually makes Sigma. Moaning that the little brass-plated pin clashes with his orange and purple plaid shirt, he fades out . . .

Apple-polishing his way through the sophomoric world that involves frogs and isosceles triangles, our young protege again finds himself operating under the auspices of Sigma. Wary but game, he continues to exert the most influ-

Pythagoreans

Radicals to the left of you—powers to the right of you—rational integers with imagination! root of the coefficient of linear expansion won't help either—that's physics. This is where Miss Beulah Shoesmith steps in and calmly teaches the half-mad student how to take equals from equals and arrive at zero. All is peaceful now—Pythags in repose.

Euclideans

Super-brains' haven! That's Euclideans for you! Where else does one study complexities of google and google-plex infinities, delve into the mysteries of geometric and algebraic fallacies, and spend his leisure on three dimensional tit-tat-toe?

This club, especially contrived for the wondering juniors, is now sponsored by Mr. John Wiegand, who prepares them for entrance into the more sophisticated Pythagoreans.

EUCLIDEANS: Row 2—C. Alster, R. Baum, G. Herz, O. Katz, E. Schein, H. Siegel, G. Goldman, H. Marcado. Row 1—H. Hinojosa, Sec'y; L. Ford, Pres.; Mr. Wiegand, S. Rothman, Vice-Pres.; E. Silverstein.

Senior English Honor

"I wander'd lonely as a cloud . . . that floats on high o'er vale and hill . . ." To this the layman would query, "Didja?" But *you're* in Senior English Honor, so you say, "Ain't Wordsworth grand?" Emerging well equipped for the pursuit of matters intellectual, you don't regret the hours spent with the "Muse" under the supervision of Miss Rubetta Biggs, who retired this year, and Mrs. Louise Kirby, her successor.

Art Honor

Mike Angelo and Salvador D. have nothing on you! You're a member of Hyde Park's Art Honor Class. Every day, eighth period, you roll up your magenta sleeves, pull your beret down over your right ear, and take the elevator up to the Aitchpe Greenwich Village (room 407). There you delve into the aesthetic mysteries of block prints, posters and more posters. I like my surrealism fricasseed—and you?

ART HONOR: Row 2—P. Topf, J. Krakover, Mrs. Nichols, M. German. Row 1—D. Sutis, Sec.-Treas.; S. Vittum, Pres.; J. Kammann, Vice-Pres.; R. Vergara.

Weekly

An accident? A riot? A murder? No, just Room 149, the home of the Hyde Park Weekly . . . "Hyde Park's greatest newspapers." Peaceful, isn't it? Well, it's a fairly noisy process, turning out 16 issues of a newspaper in one semester. That's a record for "Hyde Park's greatest newspaper."

Ingredients are: one capable and hard-working staff, one capable and hard-working sponsor (Miss Marguerite Byrne), and much blood, sweat, tears and copy . . . mostly copy.

Upon entering Room 149, commonly called the "happy hangout" by the inmates, you are confronted with the following vital messages of the

press: "X, will you *please* get that copy in before August 16," and "Sadie Hawkins special: Dorchester 4832."

All this may seem irrelevant to the novice, but to you, a full-fledged Weeklyite, it's a very integral part of "Hyde Park's greatest newspaper."

His hangouts are the Attendance Offices, the North and South Offices, the classrooms (when teacher's on an important mission), or anyplace else Moe happens to be needed.

No, those aren't tiddly winks; they're registration tickets. Moe helps out during registration time. Moe helps out all the time. As we say, he's a Senior Sponsor!

Don't refuse those gum drops! All the poor fellow wants is enough votes to become one of your class officers. He earns his keep, though—because once he's elected he becomes a part of Student Government. He manages the Lost and Found, supervises future elections, keeps track of your activities, and finds time to throw a few class parties, too. For this you turn out at the polls!

Ladies, be seated.

Aren't you glad you had so much energy in the beginning? Helping Mrs. Ruth Brandenburg takes inspired energy, with enough left over to inspire the rest of us!

Branch Boosters

Are you an embryonic P.T.A. president or a prospective Chief Justice of the Supreme Court? Do you have the urge to lead, to dictate, to *boost?* Do you want popularity, poise, and position? Well, good for you! If you meet the above qualifications and have two eyes, two legs and a terrific sense of humor, then investigate Branch Boosters at once! See you soon—in the adjoining column!

Bookroom

"I dreamt I dwelt in marble halls . . ." you muse. But then you wake up in the Bookroom and decide that you'd rather spend your free periods there anytime! Every day you work away, only too happy to enable all the baby brothers of Hyde Park to chew up one or more books per year! By cooperating with Mr. Howell, Miss Henson, and Miss Slaught, *you* make the Bookroom function in the neat, efficient manner to which it has been accustomed!

Office Help

"It's the third door on the left down that little hallway" . . . "I'm sorry, only four reams of absence slips per teacher" . . . and so it goes with Hyde Park's "Info-please" experts—the Office Helpers! They direct the tides of humanity surging through the office in search of . . . almost anything. Waving Commander-in-chief Miss Helene Cranby goodbye, each office helper emerges the proud bearer of 100 civic points!

Monitors

Isolation's a wonderful thing, only Monitors can't seem to realize that *you* have to get away from it all, too, and wandering through the halls is *your* way! The authority vested in the fellow with the studious aspect can be carried so far, and you can go not one step farther!

From the adjoining picture, you would never guess the astuteness, the calm courage in the face of danger, that characterizes this trusty hallguard

and all the other trusty hallguards that have become familiar landmarks around the corridors of Hyde Park. In his brief-case he carries his offensive weapons: tear gas, hand grenades, and block-busters. These, coupled with the astuteness and the calm courage, are enough to stop a mere Hyde Parker! So the next time you hear, "Halt, who goes there?" don't wait for the explosion, produce that pass!

Stage Force

A foreboding silence reigns over Loomis Hall. Then . . . crash! Another member of the Stage Force has just fallen down the stairs! But we're used to that—*and* curtains just before climaxes, fuchsia lights on the stage at the wrong time, and *Juke Box Saturday Night* over the P. A. system. Overlooking such minor defects, we recall the expertly managed stage productions and resolve to put up a railing on that stairway!

P.T.A.

Meet my mom! She's Aitchpe's No. 1 good neighbor! She's the one who keeps relations between home and school 'way above average, and who runs the lunchroom as well as the other P.T.A. projects. Of course, having her near school *can* be embarrassing, but then—she and her co-workers are doing such a grand job! So —the next time Mr. Gonnelly compliments your mother on her cakes, don't hesitate to say, "That's my mom!"

Dewey Library Club

"Quiiiet!" you hiss, and the shades rattle! You're in the library, and you're there to read. Every free period you have, you stumble down to the library, there to find your friends and mine—the Dewey Library Club! A Cappella

Every day they eat a wholesome, hearty breakfast of oatmeal and prunes. This alone would be enough to put them in a class of their own at Hyde Park, but they have other distinguishing features . . . of the melodious variety! Ask *any* Hyde Parker about A Cappella—that's only a four-dollar question. The answer is: blue robes, the *cutest* tenor, and music—but good! Mavbe it's the oatmeal; maybe it's the prunes. We think it's Mrs. Lee!

Male Chorus

Are you captain of the football team? Do you play chess? Maybe you take American Social Problems? The point of all this is, can you sing, and are you willing to admit it? Well, then, meet Miss Veronica Whelan, who will now show you how to make your vocal cords articulate as you never thought they could! Judging from the talent that has already emerged from the Male Chorus—young man, you've got a future!

Girls' Chorus

They're cute: clothes from the Young Chicago Shop, lipstick by the House of Westmore, nail polish by Dura-Gloss . . . all this and healthy lungs—that's the Girls' Chorus. We have the raw materials, now we need the polish—and here's Miss Churchill. Mix well for several weeks and we have a performance worth hearing. You'll recognize them next time. They're the ones Hyde Park *stands up* to cheer.

Orchestra

Lay that piccolo down! We know how attached you are to Aitchpe's Orchestra, but—you're due in civics. Miss Katharin Finley appreciates people like—*you* can carry a tune for several days in a row! You're strong on Autry or Brahms—your renditions of either of these can sway *any* audience! *You* are the Hyde Park Orchestra—conscientious, ambitious, and above all—on the beat! To you—a bigger and better bassoon!

Blue Mask

"To-be-or-not-to-be?" Answer yes-or-no. Then, under careful coaching, you arive at the "To-be-or-not-?" stage. For this you have the Blue Mask Club to thank; it is the play-pen in which Hyde Park's potential Jimmy Cagneys and Gertie Lawrences try their wings. If *you* want to learn about "To-be-or-not-?", if *you* "like to be what you ain't,"* then it's Blue Mask for you.

*See Ado Annie of "Oklahoma!"

Radio Guild Workshop

"We're on the air!" The battle cry of the Radio Guild Workshop sets the pace for Miss Kathleen Clawson and her air-minded proteges and signifies that another daily practice session is about to begin. "Buy Bold-Pedal Kitchen Tested Flour," says a sirupy voice. When you see the "voice" and recognize your best friend, you see what a little strategic training can do to bring out latent skills.

RADIO GUILD WORKSHOP: Row 1—J. Roth, Vice-Pres.; E. Davidsohn, N. Caldwell, D. Fireman, Sec'y; M. Kahn, B. Ulrich, Pres.; E. Blum, Treas.; Miss Clawson, M. Reeves, E. Mellon, G. Levit, R. Simon, J. Shevin.

IA Discussion

Remember Horatio Alger? Well, you too can grow up to be a senior, *if* you manage things properly. Your first step is to become a member of the 1A Discussion Club. Here's where Horatio A. steps in—you are transformed from an uninformed, ignoble freshman to a well-informed, ignoble freshman! Now you're on your way to becoming a senior—get on your mark—get set—we'll see you there!

In order to give "Horatio Freshie" the opportunity to exercise his mind and express his ideas about how things should be done, Mrs. Hulda Randall plays hostess to the 1A Discussion Club in her home. Believing that the expression of the concepts of her young proteges is vital to their development, Mrs. Randall encourages the open discussion of the problems of today and tomorrow.

1A DISCUSSION CLUB II: Row 4—G. Levering, J. Levy, V. Trass, P. Horwitz, V. Cooper, S. Korkales, I. Miller, S. Imler. Row 3—L. Funk, D. Jenkins, G. Howell, W. Lindblad, R. Lewis, R. Nussman, A. Lyons, R. Raymond, S. Brown, J. Kaplan. Row 1—E. Skembare, D. Zimring, R. Green, Mr. Shideler, E. Isaacs, G. Zimring, A Levin.

Zoology Club

So you're tired of mice in your locker? What you need is a session with Mr. Shideler and the entomologists of the Zoology Club. Heminoptera up your sweater sleeves and lepidoptera in your stomach make no difference now—you're in the Zoology Club! Two periods a day of scalpels, formaldehyde and frogs aren't enough . . . no, you want more, so at six A. M. you stumble out to Jackson Park to hunt . . . bugs! Equipped with a net, binoculars, and a small green picture book, you spend a profitable hour trudging through the underbrush, sans breakfast. To you —a bigger and better beetle!

Science Club

Have you ever danced the Volta with all the other little ions? To the music of Amps and his Ohms? If not, come and join the current—there's no charge! This is *not* the sort of thing that goes on in the Science Club, at least not to the knowledge of Mr. Lester Bensema, but—isn't it fun? The serious side receives the greatest emphasis here, with the result that Hyde Park can boast of a corps of master scientists! We'll remember not to be surprised when they receive the following message: "Have heard about your latest theory. Am giving up my own! . . . Love, A. Einstein."

SCIENCE CLUB: Row 2—R. Sandberg, A. Revzin, M. Levenfeld, B. Kortsch, I. Waller, R. Stanton, A. Lorincz, J. Kittay, A. Tuckler. Row 1—E. Silverstein, J. Simmons, Sec'y, R. Radner, Pres., Mr. Bensema, D. Levinson, V. Pres., E. Levin, Treas., C. Orear.

At last you're a senior! Being a girl, and a public-spirited girl at that, you make a dash for Senior Girls, knowing full well that your kid sister will be crowned Freshie Queen! Not only do you make the Freshie Frolic a rousing success, but you also refill the depleted treasury on Tag Day. You wear huge crepe paper bows, and

roam the halls with that pleading, "Won't you buy a paper doll?" look in your eyes. In time you become aggressively loyal, and solicit members like mad! All this makes you very popular with Miss Rubetta Biggs, who left in mid-year, Miss Sadie Friedlander, who replaces her, and Miss Eva Henson, who carries on. *You* are Senior Girl '43 and '44, and you wouldn't be anyone else!

Chess and Checkers

Pawn to king four—knight to bishop two. Esperanto? No, it's just Aitchpe's chess experts at work, making the game more interesting by oral competition.

"There's nothing like it," chorus the club's members, and outsiders might be inclined to agree with them; but if you perchance see an odd looking individual wandering around, muttering to himself, just say "Checkmate" and he'll snap out of it!

Basking in the glory of last year's city championship crown, the team members expect to win the title again. So—when they do, don't say we didn't warn you.

CHESS AND CHECKERS CLUB: Row 2—R. Lourie, A Revzin, J. Kittay, F. Minkus, E. Levin, G. Schaffner, R. Sandberg, S. Gordon. Row 1—C. Orear, H. Siegel, A. Tuckler, Pres., Mr. Ottosen, S. Newman, V. Pres., A. Lorincz, E. Silverstein.

SGT. WILL BREWER

Sergeant Brewer

Since the fall of 1935, Sergeant Will B. Brewer has been serving as instructor-in-chief of Hyde Park's R.O.T.C. Although a regular Army man and eligible for retirement, Sergeant Brewer has been kept on the active list because of the current need for his services. To him goes the credit for the honors that the R.O.T.C. has won . . . the credit for the honors that the cadets will win after graduation.

Corporal Ross

Introducing Corporal Arthur C. Ross, who replaced Corporal Oscar Hartman as Sergeant Brewer's staff assistant. Corporal Ross, an R.O.T.C. officer when he attended Lane Technical High School in Chicago, was assigned to R.O.T.C. instruction units in the Sixth Service Command after his basic training. It is to be hoped that Corporal Ross will be with us next fall, but—wherever he may be—we wish him the "luck of the line!"

CORPORAL ARTHUR ROSS

Gordon McKeague

The laurel wreath that Hyde Park keeps for occasions of state has been brought forth and placed upon the deserving brow of Colonel Gordon McKeague! Through a city-wide competitive examination and a subsequent personal interview for the four who ranked highest, Colonel McKeague has won for the Hyde Park R.O.T.C. the highest honor in the city—the colonelcy of the Chicago R.O.T.C. brigade. This is the first time in our history that this honor has been won by a Hyde Parker, and we accordingly award both the R.O.T.C. department and the Colonel a rousing fanfare!

for early morning drill at 7:00. Try it some dark morning . . . We dare you!

The next time that M. P. arm band passes you in the hall don't run . . . smile! Yes, it has bids for the Military Ball. But there's another reason. The R.O.T.C. is Hyde Park's reservoir of manpower. This is the organization which fills the bill for men . . . guards at games, doormen at dances, policemen at parties. Wherever we need brawn

plus brain, there we have the R.O.T.C.

Their quota of mental labor is well-filled. They struggle with combat principles, military history, and military discipline. All this goes on under the leadership of the commissioned student officers and under the supervision of Technical Sergeant Brewer and Corporal Ross.

And if a cadet is *very* good, and his shoelaces are tied in bows, he may someday be

eligible for the officers' club, The Alidade. Founded last year, Alidade is already an institution. Its membership consists of our R.O.T.C. "Who's Who." Its functions are chiefly social, and the zenith of a cadet's social calendar is the annual spring Military Ball which is sponsored by The Alidade. This is the social function of the year and you haven't lived unless you've attended one!

It's not that those company commanders aren't susceptible to platinum blondes. It's just that they're still recovering from the strain undergone during the May 17 Federal Inspection. This is only one of the TWO DAYS of the year. The other DAY is the annual R.O.T.C. parade down Michigan Boulevard. That's the day the buttons on Hyde Park's uniforms shine more brightly than those on any other school's uniforms.

And our flags fly higher . . and our chests expand an extra two inches. This is the climax to a year of 'column right" 's and "column left" 's. This is our Red Letter Day.

Having four of these days behind him, an R.O.T.C. cadet is on the way to becoming a soldier. Four years of being on the receiving end of an order—of prying open his eyes for an extra twenty minutes to pol-

ish those shoes—of marching, the next morning, for miles into the sunrise.

The R.O.T.C.'s Primary Purpose is the training of leaders—leaders in civilian as well as military life. One look at the front page of a newspaper shows us graphically just how much we need these leaders . . . how great a part they will play in what we like to call the Panorama of the Future.

Band

The baton goes up—the drum sticks come down—and the trumpet section comes in two beats too soon! It never fails; but then, that's musical license. Once more Captain Fagan's baton goes up, and this time down comes the drummer—drums and all! Somebody has just given him a hot foot! But that's our Band for you—the password of the day is pep!

Even when you hear them practicing out in the park in the spring-time, don't worry—nature provides for such creatures! You know how it is—poor rehearsal—good performance!

HYDE PARK versus ENGLEWOOD

In this traditional game with Aitchpe's ancient rival Englewood the tribe clearly showed their superiority. Englewood's team, however, won the game 6 to 0. At least six different times the tribe pushed the ball deep into Englewood territory; and at least six times our green backs fumbled the ball. In the closing seconds of the contest Hyde Park drove the ball to Englewood's one foot line. Nevertheless, the final gun went off before Hyde Park's eleven could score. The spectacular play of co-captain "Russ" Olson was the only bright spot of the afternoon.

HYDE PARK versus HARPER

The next Saturday the Indians battled a heavy Harper team to a scoreless tie. The game was characterized by extremely fierce line play. Hyde Park's line played exceptionally fine defensive ball, but defense does not win ball games. This was the last game the team played with the advantage of Russell Olson as he was inducted into the United States Marine Corps between halves. His leaving was a great loss to the team.

HYDE PARK versus PARKER

Hyde Park's eleven took Parker's kick, and drove down the field to our opponent's five yard line. On a reverse, someone neglected to maintain a firm grip on the ball (this being a habit now). Thus the Indians lost their only opportunity to score in the first half. Late in the second quarter our back field was caught napping; one of Parker's ends slipped through to receive a

pass and trot a distance of 60 yards for the first score of the game. When the tribe got possession of the ball in the second half, however, it began to march towards the goal. After several successful running plays Eddie Williams passed to Tommy Lannin on the five yard line. From there Williams carried the ball behind good blocking for a touchdown. Then faking a conversion Eddie passed again to Lannin to score the deciding point. Hyde Park won its first game of the season 7 to 6 over Parker.

HYDE PARK versus SOUTH SHORE

We can offer no excuse for losing the South Shore game. The Tar eleven beat us, decisively. They did everything right while we did everything wrong. Half way through the fourth and final quarter the score was 18 to 0 with both

schools playing their second teams. Arnold Rubovits scored our one and only touchdown. On the ensuing kickoff to South Shore Tom Bondus, their all-city end, ran 80 yards through the tribe to make the final score 25 to 6.

HYDE PARK versus HIRSCH

During the entire first half the Hirsch team completely outplayed the Indians. The only score, however, was a safety Hirsch received as a result of a bad pass from our center. The second half may well have been the most exciting of the season. The Indians started a long march which was climaxed by a pass from Williams to Proskner who fought his way across the goal line. Winning 6 to 2 and feeling confident the team grew careless and Hirsch was able to drive across a touchdown to lead 8 to 6. With time running short the tribe began a second march down the field. Fuchs carried the ball through to score and win 12 to 8.

1943

HYDE PARK versus CALUMET

The Indians gave the future sectional champions another victory. Four times an Aitchpe back fumbled the ball while inside his own 20 yard line. Calumet being a good team took advantage of these breaks. So after giving Calumet 25 points the Tribe started to play ball. George Goritz passed to Lannin for our first touchdown. A second pass to Bob James scored but it was called back because of an offside penalty. Calumet scored again to make the score for the day read Calumet 31, Hyde Park 6.

HYDE PARK versus MORGAN PARK

This was undoubtedly the best game which the team played all season. The loss can be attributed to the fact that it was played against the best team in the section. At the very end of the first half Morgan Park scored a touchdown on a pass because of a badly called defense to lead the Tribe by one touchdown. In the third quarter a Morgan Park back dropped a punt which rolled into their end zone. Lannin dropped on the ball to tie the score 6 to 6. Then their smoother working team drove across 2 more touchdowns in the final period to win 19 to 6. This game will be remembered for the fine display of sportsmanship showed by the players of both teams. This game ended the season in which Hyde Park placed fifth in the section.

These men with those of the returning varsity cause us to predict a good season for next year's team. True, they had little opportunity to play in league games, nevertheless the experience gained in their reserve games will place them in good stead next season.

Senior Basketball

"Throw the ball! Don't stall! Under, not over! Go around!" These are just a very few of the instructions given to Hyde Park's Senior basketball team by their industrious coach "Heine" Schultz. The boys understand what he's talking about and try hard to remedy their faults.

This was not a very successful year for the Hyde Park Heavies, even though there was much individual talent They started the league season by beating Hirsch, then losing to Morgan Park and South Shore by only a few points in each game. The season continued in this fashion until finally it ended with Hyde Park holding sixth place, with five games won and five games lost.

Bud Conn, after scoring 128 points, holds the record of the season, for the total number of points scored by one man in either the Junior or the Senior team.

Only one man, Larry Sternberg, an excellent center, was lost at mid-season. This leaves practically the same team for next season. Perhaps, their experience this year in the cellar will aid them in building for victory next year.

Junior Basketball

At the beginning of the basketball season, Hyde Park's Junior Basketball team, made up of Hefter, Giannopoulos, Lewitz, Fink, Passman, Domke, and Sampson, was considered a major threat for the South Section title. They started the league season with a "bang" by defeating Hirsch, Morgan Park, South Shore, Fenger, and Harper. In the Hirsch game, Hefter sank those two all important free throws winning the game for Hyde Park by one point. Likewise, in the Morgan Park game, Hefter took the honors by sinking the winning basket.

In the Fenger game Hefter, personally scoring 38 points, broke the high school record of 30 points previously held by S. Reisman, a former Hyde Parker.

At this point in the season, four men on the team were graduated: Hefter, Lewitz, Fink, and Passman.

Our hopes for the section title vanished. But to the amazement of all, our new team consisting of Giannopoulos, Sampson, Domke, Gold, and Rothbart come through with flying colors and won four out of the next five games, losing only to Parker and finishing second in the section. We next beat Lindbloom in the city quarter finals. After a sensational triumph over Lake View we were scheduled to play Parker for the city championship. This was the game for which all were waiting in the semi-finals. Rallying in the second quarter, Hyde Park cut the opponent's lead to three points. Then in the third quarter Parker rallied, putting the game on ice for them. It was a tough game to lose but our boys fought hard. Both Parker and Hyde Park, however, were disqualified and Marshall was chosen by the Board of Education to play in the Public-Catholic School clash.

Where's the ball?

Soccer

History repeats itself. This old adage seems to be proven by the soccer team's record over a period of the last three years. This season as in the two previous seasons the booters lost the section title in the last game of the year. The defeat this year was rendered by Tilden, the 1941 section champions, four to two. Hyde Park might not have scored had not Herb Baer relayed the ball to Ed Auerhan who in turn scored the Indians' only tally for the day.

Though placing second in the section the season may still be considered a successful one. In the opener the booters battled Manley to a scoreless tie. Following this game were three straight wins over Tilden, McKinley, and Kelly, the scores being 4 to 1, 2 to 0, and 4 to 2 respectively. Then Hyde Park suffered a four to nothing defeat at the hands of the Manley squad. Hyde Park's booters revenged their first defeat of the year by downing McKinley six to nothing. A game ending in a scoreless stalemate with Kelly cut Hyde Park's lead in the section so that the final game of the season with Tilden decided the section title holder. Thus the season ended with the Indians in second place with four wins, two ties, and two losses to its credit.

Led by Marks, the team captain, and Prager, high scorer with five goals, the team made a showing worthy of Hyde Park's athletes.

Baseball

The crack of the bat, a long fly, and another season of America's favorite sport opened for Hyde Park's nine. These games, though free to the spectator, offer competitive spirit worthy of major league games.

This season from all indications shows promise of being far better than last season. Thus far our nine has defeated Morgan Park in the opening game of the season 5 to 2. The team then downed Bowen 4 to 3. This was followed by a 10 to 3 victory over Harper. A 4 to 0 defeat at the hands of the Fenger team was the first loss of a league game. Besides the regular league games there have also been three practice games. These games are played with teams which are not in the South Section. The experience and practice gained in playing these games enables the nine to play a better league game. Of these three games we won one from Phillips 12 to 0. The other two we lost to Lindbloom and University High 10 to 3 and 3 to 2, respectively.

The material for this year's team has come from several sources. Some, like Ken Wherry and "Swede" Carlson, the two hurlers for this season, are veteran players from last season. Other material has come from both the football and basketball teams. Under the guidance and instruction of their coach, "Heinie" Shultze, this material has been moulded into a smooth working team.

Junior Track

As a result of last year's championship, Junior track squad it is possible that a duplicate record may be expected of this year's team. This anticipation is unfounded when it is realized that the majority of the championship team composes the membership of the Senior track team. This year's junior squad will be composed chiefly of men who have had little or no previous experience on the cinders. They have something just as important and that is team spirit and the desire to win. Since there have been no indoor meets to test the team it is impossible to say what the team can do until the outdoor season starts.

Senior Track

Contrary to the Junior team's record the outlook for the senior track team is much brighter this season than it was for last season.

Theoretically, the senior team can maintain the record set by our championship team of last year. Why? Because the squads are approximately the same and the competition to be faced will by the same token be the same as last season. Only one dark spot, however, shows up on this bright pattern. That is the fact that injuries incurred playing football may cut the speed of "Al" Hopkins and Jim Fuchs. Both the Team and Coach have the "We did it before, we can do it again!" spirit.

Junior Swimming

This year, as it was with the senior team, the juniors started off on the wrong foot. Before a crowd of 175 spectators, the juniors suffered a 38 to 10 defeat rendered by the Tilden mermen. Due to technicalities, only a skeleton of the regular team could participate.

The second meet, which Aitchpe captured to the tune of 29 to 22, was held with Harrison. Three first places in the breast-stroke, free style, and the 160 yard relay cinched the afternoon's junior action. With this victory the team's spirit developed, and hopes of future wins were strengthened.

Senior Swimming

Amid splash and splatter the aqua men opened another swimming season on November 17 in a meet with Tilden. Though they opened competition with a splash they received a 34 to 14 setback from the "Blue-and-Gold." The meet had the largest audience the pool has seen in four years. The senior team was at a disadvantage since some members of the squad, fresh from the gridiron, had not yet hit their stroke.

In the second meet of the year the Hyde Park swimmers began to show improvement. This meet with Harrison ended in a 33 to 33 tie. Three firsts and three seconds made this score possible and bolstered the seniors' spirit.

Varsity Mothers

This year under the leadership of the president Mrs. Lannin and her officers and with the able guidance of Mr. Elliott "Has" Hasan, the Varsity Mothers have supported the athletic teams in every way. They have gladly given their time, energy, financial and moral support, so that students of Hyde Park will be proud of their teams.

Due in part to the activities of these conscientious mothers, the athletic fund has been notably increased, especially by the proceeds from the "Athletic Extravaganza"—the 99% all male show.

The student body of Hyde Park should be as proud of these fine mothers as it is of their sons who represent us in athletics.

Letter Men

Here they are! The boys who hold Hyde Park's standard high in all forms of athletics! These are your own buddies commonly known as the "Letter Men."

Their accomplishments have in some cases astounded everyone. This can only be attributed to the unfailing loyalty, stamina and school spirit which is inherent in them.

Every year some of our most talented men graduate and scatter to all sections of the country. But wherever they go their reputations as letter men follow them.

After graduation many positions are open to younger men who, having gained knowledge and experience, will become the future letter men of Hyde Park.

Cheerleaders, Tumblers, and Pep Club

Much credit for the better support of the teams in the past year must be given to the cheerleaders, tumblers, and other members of the Pep Club. These students, although not on any of the teams, were just as much a part of the game as the players. In defeat as in victory they strived to bolster both team and school spirit. Not only on the athletic field but in other school activities, too, does the spirit instilled by them manifest itself.

Perhaps never again will a team wearing the blue and white enter a contest to the strains of "Haaaay gang!" as it was heard this last year. That chant, the brainchild of Messrs. Wald, Torch and Marquis, may well go down in Hyde Park's history.

Cheer for old HYDE PARK!

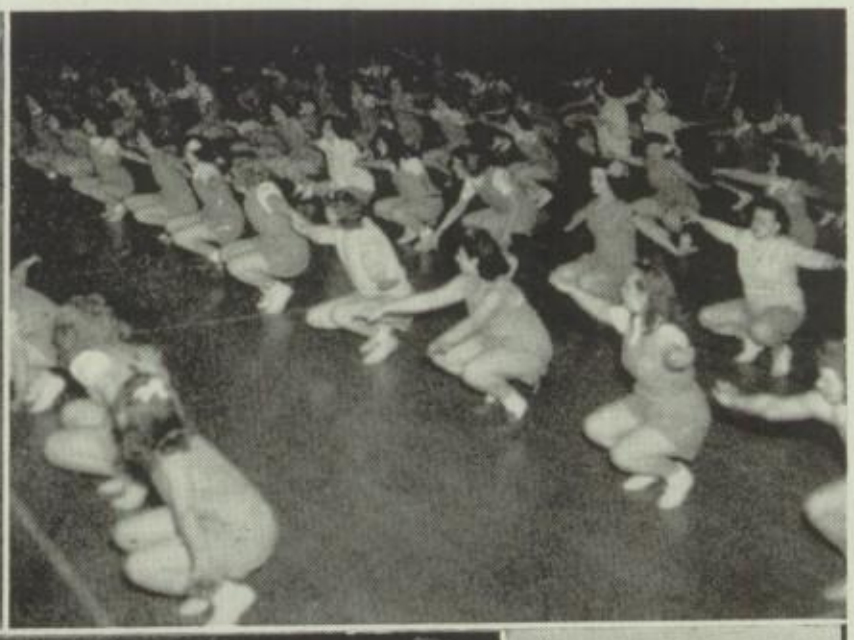
G. A. A.

Those pink cheeks and red lips aren't by Louis Philippe; Maizie belongs to the G. A. A. and that's a natural pink in her cheeks. Maizie plays basketball, baseball, hockey, and marbles. She also swims, skates, plays ping pong and is an *expert* at blowing four-dimensional soap bubbles with a Lava soap solution. Maizie is working for her school letter . . . and she's doing very well!

G. A. L.

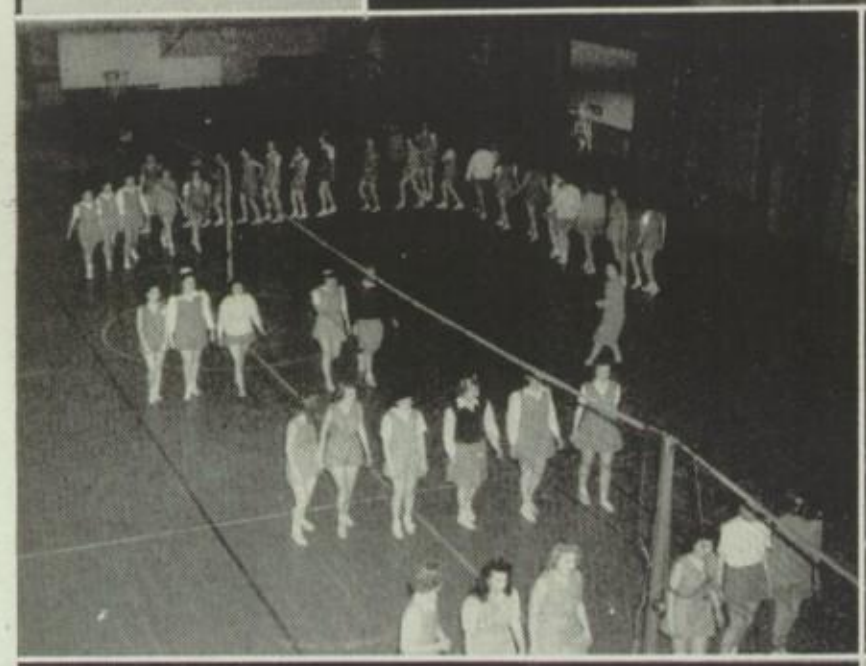
And in this corner we have Toots! Toots belongs to the G. A. L. She has great talent; already she sports a blue and white H. P. on her sloppy Joe. And now she's working for chevrons. Every day Toots spends first, second, seven-two, ninth and tenth periods in the Girls' Gym. There she helps with classes, turns off the juke box, helps take attendance, guards lockers and, in her spare time, plays solo tennis. *She's* healthy!

G. A. A. II: Row 4—M. Lezark, G. Romo, V. Taylor, B. Kallas, M. Adams, C. Wilson, G. Sherman, S. Lazarus, J. Hancock, D. Kennedy, B. McCoy. Row 3—J. Ruth, J. Wetzler, S. Kalleck, M. Cohn, J. Rolff, K. Bornarth, C. Golden, E. Wolinsky, J. Sommer, J. Van Wack. Row 2—R. Albert, E. Spear, H. Mannheim, E. Gershberg, B. Shull, C. Perper, G. Pursian, B. Rotman, K. McIntyre, C. Lukas. Row 1—H. Lutske, B. Miller, J. Margolin, J. Feldman, Treas.; F. Daner, Vice-Pres.; B. Sarlas, Sec'y; M. German, E. Curry, E. Simon.



GIRLS'

GYM



Daaaa . . . where's da net?

Well, no squint anyway.

Get ready to turn, MARCH!

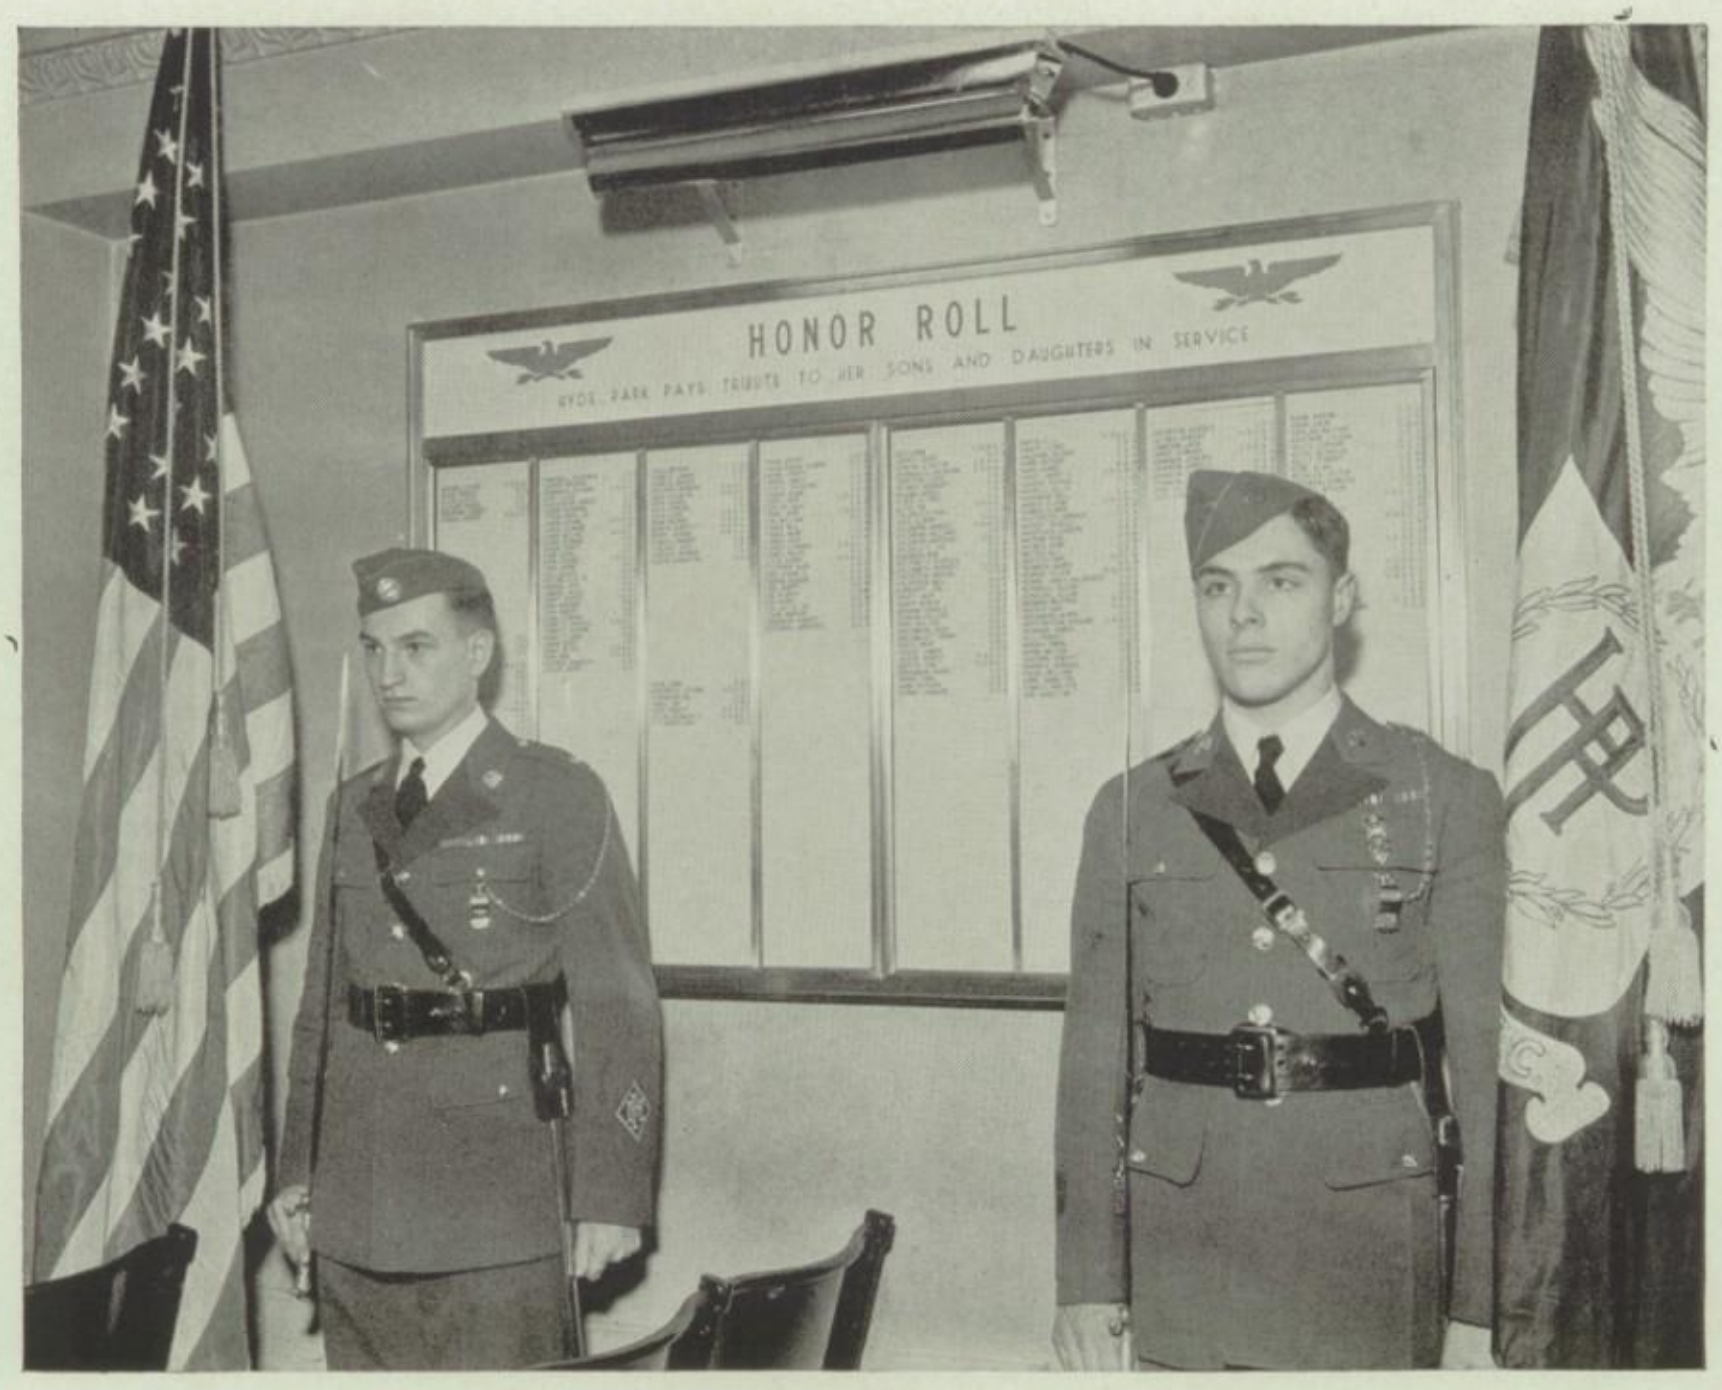
Boots, boots, boots.

Pandora's box?

Gee, a new dance.

More boots.

Roll of Honor



The Roll of Honor

That some may complete their education, that all may enjoy their freedom—the boys and girls of Aitchpe are fighting.

The under-graduates, in an effort to do their share in this fight for our way of life, have pledged themselves to the sale of bonds and stamps, and to the collection of scrap. But the graduates are the ones who may be disabled—may give their lives. To them we are indebted.

This section includes the names of our boys and girls in the Service. Some you will recognize, others you may not. Some are in the Navy, the Marines, or the Army; still others are in the Merchant Marine and Coast Guard. But regardless of rank or race all have a common goal—VICTORY.

USCG—United States Coast Guard
USMM—United States Merchant Marine
USANC—United States Army Nurse Corps
WAC—Women Army Corps
WAVES—Women Accepted for Volunteer Emergency Service
USAMC—United States Army Medical Corps
USA—United States Army
USN—United States Navy
USAAC—United States Army Air Corps
USNAC—United States Navy Air Corps
USMC—United States Marine Corps
USASC—United States Army Signal Corps

The names in this list are all those reported up to the time that the AITCHPE went to press. If there are omissions, they are unintentional.

This is a photograph of the Douglas C-47 Mercy Plane bought by the students and faculty of Hyde Park High School. The cost of the plane, which was raised from January 1st to April 1st, was $110,000.

Our next goal is the purchase of a P-51 Mustang Fighter Plane. The price of this plane is $75,000 which will be obtained from the April 1st deadline for the C-47 to the close of school on June 23rd.

The total amount of bonds and stamps purchased by the school from September, 1943 to May 9, 1944 is $224,106.50.

Minutemen

(Stamp Salesmen)

"But grandmother, why are their small pink tongues hanging out?"

"The better to lick war stamps, my dear!"

"Oh-h-h-h!"

They, of course, are Hyde Park's Minutemen, and the tongues are there for the sole purpose of affixing the war stamp that just cost you two cokes. *You* finance the stamp; your Minuteman does the rest, and you are now the possessor of a U. S. War Bond!

MINUTE MEN: Row 2—C. Gross, M. Lezark, N. Marks, M. Rose, B. Snave, B. Hogarth, D. Holland, B. Ury, R. Montag, L. Stefan, D. Greenberg. Row 1—V. Pereda, S. Levin, M. Haas, R. Pellar, S. Michal, E. Morris, E. Lowengard, E. Kahn, S. Metzger.

Bring 'em back alive.

Caught redhanded.

Drilling in the shop.

Blueprinting.

"Eenie, meenie, meinie, moe."

Stardust at prom.

Well, now, what'll we eat?

Just fits.

Our receipt for the C-47.

Boss and better half at the extravaganza.

The AITCHPE Staff wishes to express its appreciation especially to . . .

MR. GONNELLY

For his understanding and cooperation in signing infinite passes

MR. SPECHT

For his "Intelligence Work"

MRS. BRANDENBURG and VIOLET SCHRAMM

For decorating our division pages

MRS. NICHOLS and HER CLASSES

For the good salesmanship of our posters

MR. CLARKE

For his tolerance of our late hours

THE DIVISION TEACHERS

For their patience and forgiveness in moments of despair

THE ANNUAL AGENTS

For their "unsung" efforts

And last, but by no means least,

MISS LEITCH

For her many trials and tribulations in inspiring us.

"D-DAY"

PRESIDENT'S PRAYER FOR VICTORY

Washington, June 6.

My fellow Americans:

In this poignant hour, I ask you to join me in prayer:

ALMIGHTY God: Our sons, pride of our nation, this day, have set upon a mighty endeavor, a struggle to preserve our republic, our religion, and our civilization, and to set free a suffering humanity.

Lead them straight and true; give strength to their arms, stoutness to their hearts, steadfastness to their faith.

They will need Thy blessing. Their road will be long and hard. The enemy is strong. He may hurl back our forces. Success may not come with rushing speed but we shall return again and again; and we know that by Thy grace, and by the righteousness of our cause, our sons will triumph.

THEY will be sore tried, by night and by day, without rest—till the victory is won. The darkness will be rent by noise and flame. Men's souls will be shaken with the violences of war.

These are men lately drawn from the ways of peace. They fight not for the lust of conquest. They fight to end conquest. They fight to liberate. They fight to let justice arise, and tolerance and good will among all Thy people. They yearn but for the end of battle, for their return to the haven of home.

Some will never return. Embrace these, Father, and receive them, thy heroic servants, into Thy kingdom.

AND for us at home—fathers, mothers, children, wives, sisters and brothers of brave men overseas—whose thoughts and prayers are ever with them—help us, Almighty God, to rededicate ourselves in renewed faith in Thee in this hour of great sacrifice.

Many people have urged that I call the nation into a single day of special prayer. But because the road is long and the desire is great, I ask that our people devote themselves in continuance of prayer. As we rise to each new day, and again when each day is spent, let words of prayer be on our lips, invoking Thy help to our efforts.

Give us strength, too—strength in our daily tasks, to redouble the contributions we make in the physical and material support of our armed forces.

And let our hearts be stout, to wait out the long travail, to bear sorrows that may come, to impart our courage unto our sons wheresoever they may be.

AND, O Lord, give us faith. Give us faith in Thee; faith in our sons; faith in each other; faith in our united crusade. Let not the keenness of our spirit ever be dulled. Let not the impacts of temporary events, of temporal matters of but fleeting moment—let not these deter us in our unconquerable purpose.

With Thy blessing, we shall prevail over the unholy forces of our enemy. Help us to conquer the apostles of greed and racial arrogancies. Lead us to the saving of our country, and with our sister nations into a world unity that will spell a sure peace—a peace invulnerable to the schemings of unworthy men. And a peace that will let all men live in freedom, reaping the just rewards of their honest toil.

Thy will be done, Almighty God. Amen.
